

Graphic Designer  
Dublin

## About yes&

yes& is a creative & innovation consultancy. We specialise in communications & strategy, combined with digital product creation. By combining beautiful design, accurate data & the right technology, we help our clients achieve growth. We form partnerships with our clients through a desire to always build & improve.

We value our people & invest in them through offering excellent benefits, competitive salaries, & superb career development opportunities. We recognise & reward hard work. In return, we expect our people to bring the commitment; drive & talent to add significant value to our company.

## The Role

We are currently looking for a Graphic Designer to join our team & be based in our Dublin office, Ireland.

This role requires someone who has a passion for creative imagery & has excellent attention to detail. The ideal candidate will have 3+ years of experience as a Graphic Designer either in-house or in an agency & be well organised, pro-active & a solution orientated team player with strong communication skills.

## Main Responsibilities

- > Design & creation of printed material, websites, digital campaigns, advertising, promotions, social media, brochures, POS, catalogue spreads & exhibition panels
- > Design & create layouts & final artwork based on the company branding
- > Create fast & accurate re-sizes/re-versions/multiples of existing artwork
- > Layouts for presentation briefs & pitches
- > Image retouching / manipulation
- > Maintain good file housekeeping
- > Liaise with the various clients to make amendments to live artwork & deliver projects
- > Remain current on industry trends & technology

## Education & Experience

- > A qualification in graphic design or a similar qualification
- > 3 or more years of relevant experience
- > Portfolio that includes examples of corporate design such as brochures, annual reports
- > Excellent technical experience working with Creative Cloud Apps. Primarily InDesign, Illustrator & Photoshop
- > Good working knowledge of PowerPoint for presentation briefs & pitches.

- > Experience in creating digital art & assets, as well as designing layouts for websites.
- > Strong collaboration skills & experience working as a team player
- > Good awareness of creative industry trends & technology

### **Skills & Abilities**

- > Solid understanding of all production technical requirements required
- > Good communication skills to ensure projects run smoothly
- > A good understanding of branding & corporate guidelines
- > Good presentation skills with the ability to respond to questions from project owners
- > Ability to work to tight deadlines
- > Ability to prioritise work under pressure
- > Accuracy & an eye for detail regarding proofing copy & design elements
- > Ability to build relationships internally & externally, at all levels
- > Methodical approach to archiving images & artwork
- > An energetic & proactive “can-do” attitude

### **Nice to have but not essential!**

- > Experience working with video editing or motion graphics
- > Experience working in UI/UX design
- > Additional languages

### **Benefits**

- > Development opportunities - support for further education & training
- > Career progression - we value our employees & promote from within the company
- > Flat hierarchy
- > Modern workplaces
- > Opportunities to travel to our European offices
- > Amazing parties & events
- > Discretionary days at Christmas

Salary: Dependent upon experience

Contract: Indefinite

Hours: 40 per week
